About Me

Hello! I'm Ahmed, a front-end designer passionate about creating beautiful web interfaces and exploring multimedia integration on modern websites.

In this page, you'll find my favorite videos, a few sound clips, and a feedback form to share your thoughts.

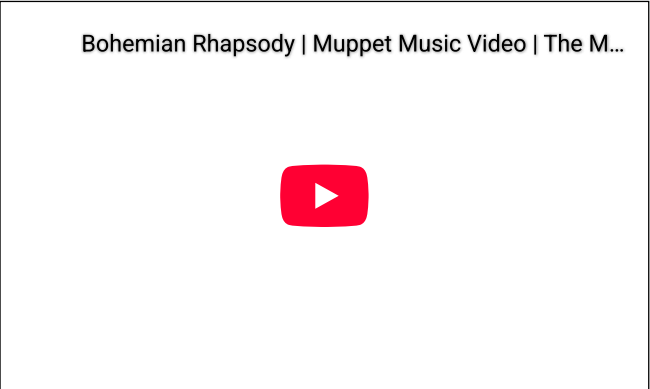

My Video Gallery

Project Showcase

This video highlights one of my recent front-end projects with animations and transitions.

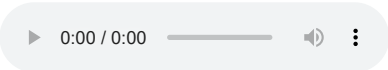

Embedded YouTube Video

Here's a video that inspired my web design journey.

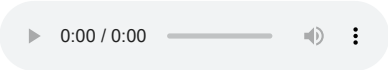

My Audio Playlist

Background Track

Listen to the calm background track I use while coding.
